"Sassy"

Â

Â

Â

Sassy is full of sass and fits right into our family.Â Sassy needs a job, so we started her in Nose Work classes when she was 4 months old.Â She picked up the sport quickly and really enjoys going to her training classes.Â We are excited that she has started competing in "Scent Work Trials".Â She's doing great at it and earned her first title in two weekends. Â She is also in training to become a therapy dog so she can follow in her Great, Great Grandmother Malibu's foot steps.
