

Therapy Dogs

FRIENDS AND TAILS is an informal group of Delta Society Pet Partner Teams (therapy dogs) who do visits to various facilities in TEMECULA VALLEY. If you would like information about becoming a Pet Partner Team or are already a Pet Partner Team and would like to be notified of upcoming visits, please e-mail us at friendsandtails@yahoo.com. If you are a facility that would like us to visit please email us also. We are always looking for new friends and tails to join us!!!

Malibu is a 2 year old golden retriever that we bred and we are very proud of her. She is commonly known around our home as "The Cheater Dog", meaning she was so easy to train it was kinda like cheating. She makes an excellent therapy dog and is an awesome part of our team, and to top it off, she is GORGEOUS!

This is our rebel with a cause, C.J. She may not have the "beauty pageant" winner look, but she has more motivation and intelligence than any champion. She is 6 years old and has a spirit that no one or no thing can over take. She loves working with the elderly the most and always seems to make them feel young again. She also seems to make other 4 legged friends happy, as she is the one who likes to play anytime of day!

Bela is a 4 year old yellow lab and was a career change service dog. She has been a therapy dog for 2 years. She is your typical lab -- full of energy, especially when balls and frisbees are involved! She's courageous in everything she does and is a 100% people pleaser.

Jada is a 7 year old black lab and is a breeder for Guide Dogs of America. She has been a therapy dog for 3 years. Jada loves everyone and everyone loves her! She is a beautifully trained Lab who also has a few tricks up her sleeve. She is easy going and nothing bothers her at all. She enjoys watching fireworks and loves car rides. Swimming is her favorite sport and she will swim, swim and swim for hours.
